Four Fabulous Swedes who are A Model of Decourm and Tranquility

ABBA Article in The Weekend Australian Magazine

This weekend's The Weekend Australian Magazine has a huge four page article commemorating the 30th anniversary of ABBA's Australian tour.

In the article Björn talks about the tour, ABBA's initial reluctance to travel to Australia and their dangerous performance in Sydney.

The Article also includes interviews with Lasse Hallström, ABBA's film director, Richard Norton, ABBA's Australian Trainer and Bodyguard, and lifetime ABBA fans Ian Cole and Graeme Read.

The ABBA article starts on page 16 and is more than worth the \$2.20 purchase price.
